Leota Professional Resources LLC, dba LPR International (LPRI) is a Workforce Management Services company providing strategic support for organizational operations. We help our customers manage people, and projects by creating tailored solutions. Our customized solutions are created by our well qualified and experienced professionals and strategic partners, supported by our project management office that is adept at managing people and processes. We are an experienced Federal Government contractor providing support to Federal Government contracts as a prime in the US and the UK.

Powering the World of Innovative Workforce Solutions

LPRI has been supporting food service contracts for the Department of Defense since 2012. Our experience providing food services support includes priming contracts for the Army in Maryland and Virginia, and the US Air Force Europe in the UK. We recruit, staff, and manage the personnel.

About Us

LPRI is a 100% minority, SBA 8(a), and Women-owned certified Small Business. We would be pleased to offer our services and solutions in the NAICS code of 722310 to add value to organizations and facilities within the Department of Defense. Our tailored services are agile, adaptable, and reliable providing a hands-on service that will add value to your organization.

Our customer centric, employee friendly approach focuses on people, whether customer or employee supported by robust systems and expertise to ensure optimal performance.
